R911403547 SERVOMOTOR MAD130D-0250-SA-M2-AH1-05-N1 Bosch Rexroth

Reference: R911403547

Short description

R911403547

Description

The R911403547 MAD130D-0250-SA-M2-AH1-05-N1 servomotor from Bosch Rexroth is perfect for machine tools and printing machines due to its high power density. Equipped with high-resolution encoder systems and special bearings, it ensures maximum precision and performance in harsh industrial environments. Its design allows easy fan replacement while running, supported locally by CreatX Technology SRL.
