# R911410027 Control Device Bosch Rexroth

**Reference:** R911410027

## Short description

R911410027

## Description

The XMD2-W1010ANN-01NETT0NNNN-S03RSN2NNNN0NN control device from the ctrlX DRIVE series offers an advanced solution for operating two motors, with controlled AC output voltage. Powered by the DC bus of XVE2 or XVR2 supply units, this device is ideal for safety applications up to SIL3, with hardware expansion options via ctrlX SAFETY. Benefit from perfect adaptation to machine requirements, with a wide range of motors and a compact design, saving space in control cabinets. Plug & Play technology and reduced cabling make this device an excellent choice for industrial applications. Original products, local support through CreatX Technology SRL.
