R911410160 CONTROL DEVICE XMS 2-W0016ANN-01NETT0NNNN- S03RSN2NNNN0NN Bosch Rexroth

Reference: R911410160

Short description

R911410160

Description

The XMS2-W0016ANN-01NETT0NNNN-S03RSN2NNNN0NN control device, code R911410160, from Bosch Rexroth, is a single-axis inverter powered by DC voltage, generating a controlled AC output for motor operation. It is compatible with XVE or XVR supply units and XCS or XCD converters. It offers extended functionalities through optional packages for demanding applications and can be expanded with ctrlX SAFETY for safety applications up to SIL3. Advantages include: free selection of motor encoder, ideal adaptation to machine requirements, compact design, Plug & Play technology, and reduced cabling efforts. Original products are locally supported by CreatX Technology SRL.
