R911410778 SERVOMOTOR MS2N0 3-B0BYN-CMSH0-NNNNN- GE080N2040AN-NN Bosch Rexroth

Reference: R911410778

Short description

R911410778

Description

The R911410778 MS2N03-B0BYN-CMSH0-NNNNN-GE080N2040AN-NN servomotor from Bosch Rexroth offers more torque and higher speeds, with a practical single-cable connection and an extensive portfolio of options. It combines high dynamics with compact dimensions and superior energy efficiency. Available with low and medium inertia rotors, optimally mass-customized. Ideal for intelligent solutions in the Industry 4.0 environment, serving as data sources. Benefit from local support through CreatX Technology SRL for original products and repairs.
