# **R911410970 CONTROL DEVICE XMD 2-W2323ANN-02NETM5NNNN- S03RSN2NNNN5NN Bosch Rexroth**

**Reference:** R911410970

## **Short description**

R911410970

## **Description**

The R911410970 CONTROL DEVICE XMD2-W2323ANN-02NETM5NNNN-S03RSN2NNNN5NN from the ctrlX DRIVE series offers an advanced solution for controlling two motors, powered by DC voltage and generating a controlled AC output. It allows ideal adaptation to machine requirements due to the wide range of available motors and compact design, saving space. Plug & Play technology and multi-encoder interface ensure easy and efficient integration. Original Bosch Rexroth product, available through local support by CreatX Technology SRL.
