R911412261 CONTROL DEVICE XMD 2-W7070ANN-01NETT0ECNN- S03RSN2NNNN0NN Bosch Rexroth

Reference: R911412261

Short description

R911412261

Description

The R911412261 CONTROL DEVICE XMD2-W7070ANN-01NETT0ECNN-S03RSN2NNNN0NN from the ctrlX DRIVE series provides controlled AC output voltage for two motors, powered by the DC bus of XVE2 or XVR2 supply units. With additional options for demanding applications and safety functions up to SIL3, this original Bosch Rexroth product ensures adaptability and efficiency. Local support is provided by CreatX Technology SRL.
