Description

The R914503391 Control Device XVR2-W0048ARN-02AETNNNNN-S03RSN2TE1PNNN offers energy efficiency thanks to regulated DC bus voltage and bidirectional energy direction. Integrated safety technology up to SIL3 ensures maximum protection. Ideal adaptation to machine requirements with a wide range of motors: rotary, linear, kit, or housing. Optionally with integrated ctrlX CORE control platform, open and future-proof, with web-based engineering. Space-saving design, suitable for 300 mm control cabinets, with 25 mm width per axis and 30% more compact motors. Plug & Play with ctrlX DRIVE servo drives and motors with single-cable technology. Scalable power from 6 to 375 Apeak for servo drives and from 3.7 to 692 Nmpeak for servo motors. Local support through CreatX Technology SRL.
