R914504220 CONTROL COREX-C-X3-11-ANNN-21.01-01RS-NN-NN Bosch Rexroth

Reference: R914504220

Short description

R914504220

Description

R914504220 CONTROL COREX-C-X3-11-ANNN-21.01-01RS-NN-NN is an original Bosch Rexroth product, delivering superior performance with its SoC Xilinx ZYNQ Ultrascale processor featuring ARM A53 Quadcore. Equipped with 2 GB RAM and 4 GB eMMC, this controller ensures efficient and fast operation. It includes 1 MBit Retain data, 1x USB-C, 1 µSD card slot, and 3x 1 GBit Ethernet interfaces, all integrated into a modern, industrial-grade Linux-based operating system. Enjoy local support through CreatX Technology SRL for installation and repairs.
