3842537895 ECOFLOW STOPPER 400 Bosch Rexroth

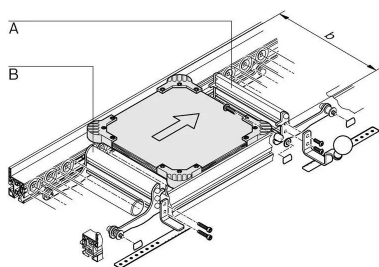

Reference: 3842537895

Short description

3842537895

Description

The ECOFLOW STOPPER 400 with code 3842537895 is a crucial separator and return lock for positioning workpiece carriers or containers. It offers outstanding technical advantages, being an original Bosch Rexroth product, available through local support from CreatX Technology SRL. It ensures a structure mounted 45 mm down, optimizing workspace. We recommend using a workpiece carrier with corner pieces for a defined stopper.
