## 3842538052 SF Lean D28 Fixing Device Bosch Rexroth

**Reference:** 3842538052

00129976

### Short description

3842538052

### Description

The 3842538052 SF Lean D28 fixing device from Bosch Rexroth is perfect for retrofittable guides on XLean and Lean conveyor belts. It can be combined with all XLean and Lean transport media, providing high stability and bilateral use as a side guide and sliding rail. Its compact design allows for efficient space usage, and by rotating the transport guide 180°, it can be lowered under the conveyor belt. Original product, locally supported by CreatX Technology SRL.
