3842539866 SOCKET STRIP 2S H GB Bosch Rexroth

Reference: 3842539866

Short description

3842539866

Description

The 3842539866 SOCKET STRIP 2S H GB from Bosch Rexroth is a high-quality socket module, perfect for space-saving due to its inclined plug inserts. This original product, available with local support from CreatX Technology SRL, includes a GST output socket and a cover cap for loop-through current passage. It is designed for fixed installation and may include switchable input and/or output with an RCD safety switch, ensuring protection according to DIN VDE 0100-410 standards.
