3842539884 POWER STRIP L/6S/H NA Bosch Rexroth

Reference: 3842539884

Short description

3842539884

Description

The 3842539884 power strip, type L/6S/H NA, from Bosch Rexroth, is a high-quality power extension equipped with six protective contact sockets and USB 3.0. This original product, available with local support from CreatX Technology SRL, includes LAN (RJ45) connections and a USB charger, making it ideal for mounting on support extensions in workstations. According to DIN VDE 0100-410 standard, it features a residual current device (RCD) for additional protection.
