3842544832 TOOL HOLDER D52, ESD Bosch Rexroth

Reference: 3842544832

Short description

3842544832

0000A

Description

The D52, ESD tool holder with code 3842544832 is an ergonomic and convenient tool support, ideal for efficient tool preparation at the workstation. It includes round and oval inserts for cups, with and without base, and offers four different positions for oval inserts, facilitating optimal gripping and placement movements. The holder is compatible with the suspension profile or container fixing device and allows for labeling with adhesive tags. Saves time between 10% and 20% according to MTM, due to the defined place for quick identification and the 45° inclined insertion support for ergonomic handling. Original products with local support through CreatX Technology SRL.
