3842562086 Articulation 30x30 Lockable Bosch Rexroth

Reference: 3842562086

Short description

3842562086

Description

The 30x30 Lockable Articulation, code 3842562086, is perfect for heavy loads up to 45 Nm in the pivot direction. It offers easy adjustment in 7.5° increments, with auxiliary marking for precise angles. Compatible with 30x30 articulation, it has a 180° range of action, suitable for adjustable or fixed joints. The Hirth serration ensures form-fitting, and adjustment is comfortably done with clamps or a tightening lever. Original Bosch Rexroth product, available with local support from CreatX Technology SRL.
