3842562087 40x40 Lockable Joint Bosch Rexroth

Reference: 3842562087

Short description

3842562087

Description

The 40x40 lockable joint, code 3842562087, offers a 180° range of motion and easy adjustment in 5° increments. Ideal for adjustable or fixed profile joints, it supports high loads up to 100 Nm in the pivot direction. The Hirth toothing ensures form-fit, and auxiliary markings at 5° facilitate angle recognition. Original Bosch Rexroth product, available with local support from CreatX Technology SRL.
