3842563228 OBLIQUE CUTTING ANGLE 10 Bosch Rexroth

Reference: 3842563228

Short description

3842563228

Description

The corner bracket with product code 3842563228, known as OBLIQUE CUTTING ANGLE 10, is an essential accessory for right-angle profile joining. This original Bosch Rexroth product does not require profile processing at open grooves, and for closed ones, it provides screwdriver passage holes. Superior quality and local support through CreatX Technology SRL ensure efficient and durable use.
