R911309078 CONTROL DEVICE HMS02.1N-W0028-A-07-NNNN Bosch Rexroth

Reference: R911309078

Short description

R911309078

Description

The R911309078 CONTROL DEVICE HMS02.1N-W0028-A-07-NNNN is a single-axis inverter supplied with DC voltage, generating a regulated AC output voltage with variable amplitude and frequency for motor operation. It includes an integrated control unit slot with various interfaces for connecting to the automation environment, encoder systems, safety technology, and additional digital and analog signals. Multi-axis applications are supplied from the DC bus of the HMV02, and for smaller axis packages, supply from the DC bus of an HCS converter is also possible. Original product, local support through CreatX Technology SRL.
