3842523508 ANGLE 20X20 Profile Accessories Bosch Rexroth

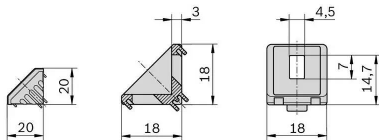

Reference: 3842523508

20x20

Short description

3842523508

36866

Description

The 3842523508 ANGLE 20X20 from Bosch Rexroth is an original product, perfect for quick and precise profile mounting. Featuring detachable centering lugs, this angle ensures non-rotational fixation and can be mounted on plates or transversely. The intermediate piece aids in positioning in the largest adjacent groove, and the cover cap available in grey and black ESD prevents soiling. The product requires no profile processing and benefits from local support through CreatX Technology SRL.
