3842558194 Tubular Key Insert T50X180, 3/8 Bosch Rexroth

Reference: 3842558194

Short description

3842558194

Description

The 3842558194 T50X180, 3/8 tubular key insert from Bosch Rexroth is an original product, perfect for industrial applications. The stable spherical head allows use without axial access, ideal for mechanical or manual torque tightening. The length is adapted for fitting joint parts in cable channels. The product benefits from local support through CreatX Technology SRL, ensuring superior quality and reliability.
